Elafonissi en route

The drive to **Elafonisi Beach** via the **Topolia Gorge** is a scenic journey through Crete's breathtaking landscapes. The road winds through olive groves and charming villages, offering glimpses of traditional Cretan life.

As you approach **Topolia Gorge**, towering cliffs rise dramatically, with sections reaching over **300 meters**. The narrow road hugs the gorge, passing through rock-hewn tunnels and offering stunning views. Birds often nest in the gorge's crevices, adding life to the rugged scenery.

Further along, the route passes through *Elos village*, a lovely spot for a rest amid chestnut trees. As you near **Elafonisi**, panoramic coastal views emerge, culminating in the beach's iconic **pink sands** and **crystal-clear lagoons**.

Elafonissi Beach

Elafonisi Beach, located 76 km west of Chania at Crete's southwestern tip, is a natural wonder and a must-visit destination. This **Natura 2000-protected area** is known for its **unique geography**, an oblong peninsula often separated by shallow waters, giving the impression of a separate island.

The area is a paradise for nature lovers, with dunes covered in sand **lilies and junipers**, serving as nesting grounds for the endangered *Caretta-Caretta* turtles and other rare species. Visitors are kindly asked not to remove any plants or animals to protect this delicate ecosystem.

On both sides of the peninsula, beautiful beaches with **white and pink-tinted sands**—formed by countless crushed shells—meet crystal-clear turquoise waters. Near the narrowest part of the peninsula, a shallow lagoon, less than 1 meter deep, offers a safe and fun spot for families and children.

The eastern beach, overlooking the lagoon, is the most organized, providing umbrellas, showers, lifeguards, snack bars, and changing facilities.

Its stunning beauty and amenities have earned Elafonisi global acclaim, with *TripAdvisor* ranking it as the **1st Best of the Best Beach in World for 2025**.

Please note that Rubbish disposal and taking seashells from the Beach is strictly prohibited
